FHA Convention

Linda Robins, senior, was chosen by the Future Homemakers of America to attend the 1969 FHA National Convention which was held at Colorado State University, Ft. Collins, Colorado.

The purpose of the convention was to introduce the 1970-73 program of work for the FHA chapters across the nation. With 2300 girls working together on a given project, many things were accomplished.

"The trip was one of the most exciting experiences I have ever had. The friends I made and the sights I saw were just a few of the events that made my week in Colorado very worthwhile."

Boys' State

John McFarland, senior, attended the 1969 Boys' State Convention, May 31-June 7, at Oklahoma State University. John was chosen by his junior class and the American Legion to attend this convention.

The convention's main purpose was to inform the boys from Oklahoma about their laws and functions of city and state governments.

Boys' State is not only learning Oklahoma government but also learning to get along with other boys."

Boys Attend FCA

The Fellowship of Christian Athletes camp was held in Estes Park, Colorado, from June 7-13. Professional athletes, pros, and top college players were there. The main speaker was Bill Glass of the Cleveland Browns.

The main purpose of the camp was to help the athletes come closer to Christ and to become a witness for Him. It also showed how important FCA was to pros and college people alike; that Christ was important on and off the playing field.

Kim Littmann and Melvin Murdoch, seniors, were chosen by the Athletic Association and the Lettermen's Club to attend the FCA Convention. They were chosen by their outstanding athletic ability and their faithful church attendance.

"The camp was one of the greatest experiences I ever had in my life. I came to realize how much Christ meant to me; that I could be a witness for Him along with enjoying sports," was Kim's reaction to the convention.

Melvin said, "It made me to realize that I could wholly dedicate my life to Christ and still enjoy my social life."

"Come to the Jet Set Revue."

Jet Set Revue

Granny Reed tells the fascinating tale of "Rundercella."

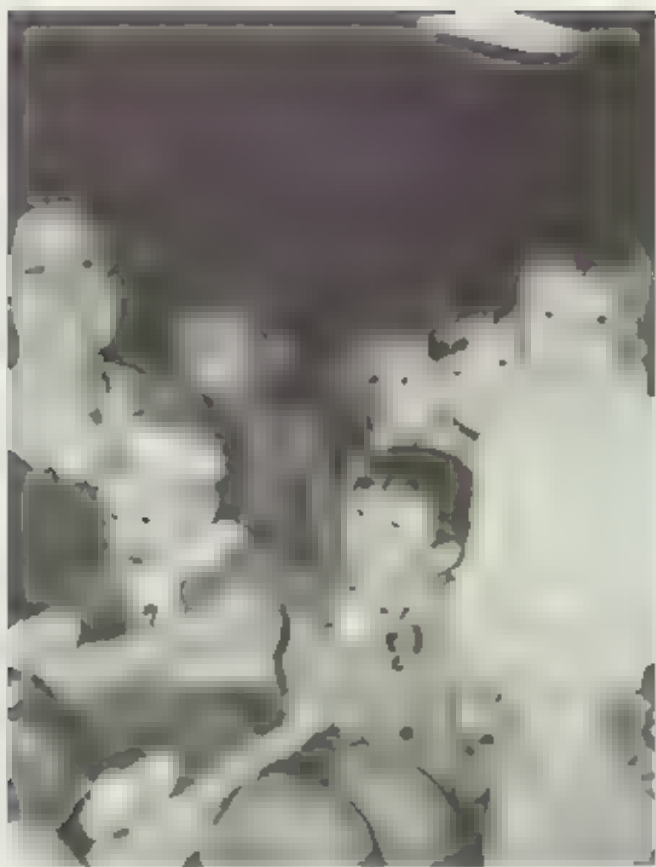

Linda Robins, senior, was the winner of the solo division in the Jet Set.

The Jet Set Revue, sponsored by the Jr. and Sr. classes, provided an evening of entertainment for the public. The curtain was lifted to find not only the famous play "Oklahamlet," but also the soul-stirring interview with Herman Snitzelheimer.

At the end of the Revue, two \$10 prizes were given to the best solo and group performances.

The WHHS Blue Angels were the winners of the group division in the Jet Set Revue. The winning number was a fast jazz selection featuring a drum duet.

Mrs. Santa Claus gathers all of Santa's friends around during the Christmas party given by the high school FHA.

Frisly decorations are made.

Preparing for the Sweetheart Dance, enjoying a Christmas party, and Lettermen initiation are some of the activities that the WHHS clubs enjoy.

At times it was rather difficult to tell the difference between a homemaker and a Letterman when the boys wore aprons and hair rollers.

Isn't it cute?

Student life

Many memories of the year make the yearbook a real memory book. Seniors, do you remember ever hearing, "Is that THE bell?"

Some people get real excited about their music.

You don't look like a powderpuff!

All in a Student's Life

Do seniors really sleep in Mr. Graham's class?

Janet adds the finishing touch to a Cerebral Palsy patient's hairdo.

Does the winter wind feel that cold?

Are you really trying to sell a box of candy, Debbie?

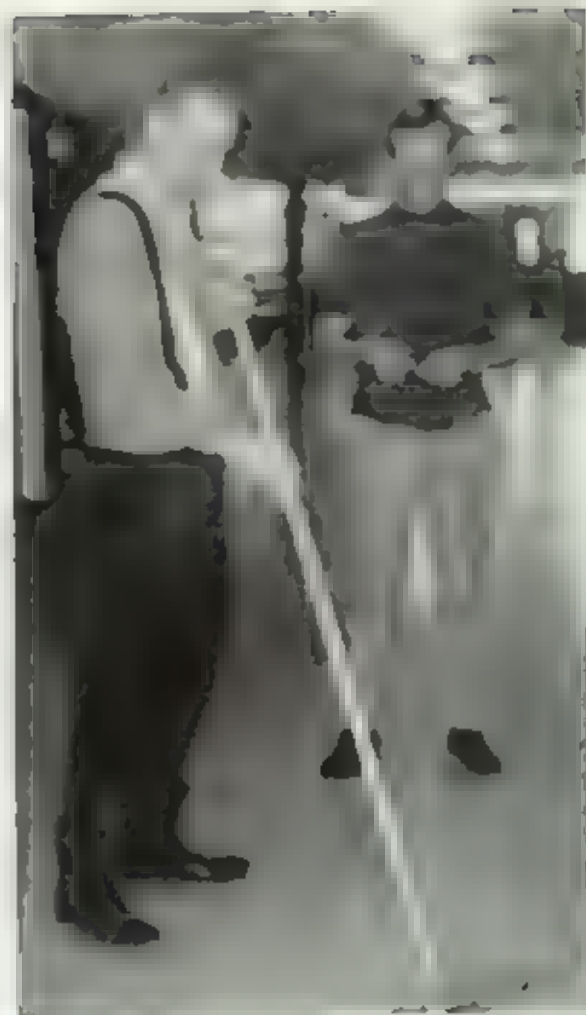

Many WHHS students get caught as the school camera, operated by Dana, Harry, or Linda, slips up on them.

Penny and Brenda stop on their way home to smile for the camera.

Candid camera caught Mrs. Messer exercising her fingers for shorthand dictation.

Instead of teaching drivers education, Coach teaches sweeping.

A Teacher's Life

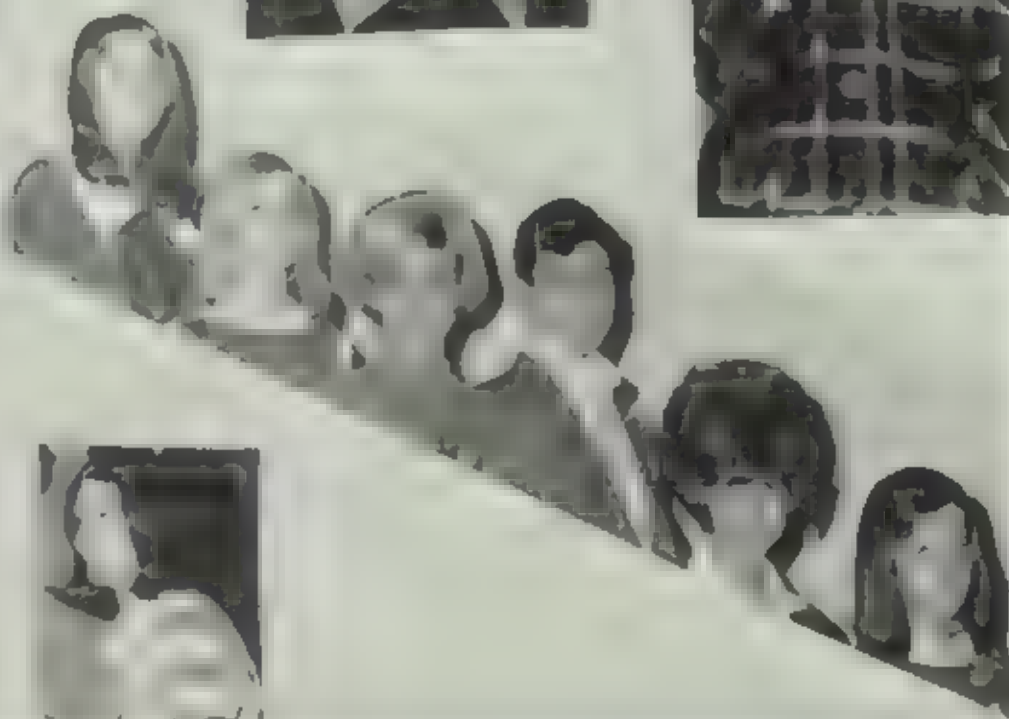

Some students don't make mistakes and get by with them.

Is it really that bad, Coach??

My, what an interesting piece of equipment!!

Editor presents Flight IX and bids farewell.

Snapping pictures, planning pages, and meeting deadlines are all factors which have made the final copy of Flight IX possible; but behind these activities was the patient cooperation of Carl Hildebrand, principal; the much needed guidance of Mrs. Kittye Neil, advisor; the entire faculty, and a host of fellow students who were so faithful to cooperate in any way they could. These are only a few of the "Footprints" that we have made.

As the school year of 1969-70 comes to a close, we look back and see a year that was full of joys, sorrows, and most of all, everlasting friendships. We have left all those things in a treasure chest of memory and have emerged to find ourselves faced with a fresh decade that we are to mold and create with our own hands. The friends we have made, the learning we have acquired, and the problems we have overcome all contribute to our ability to assume and carry on the responsibility that we must face. Our fellow citizens made great strides during the 60's, but promises of greater opportunities for more prominent "Footprints" await us during the decade of the 70's.

Sincerely,

Linda Robins, Editor-in-Chief
